## Managing Angry Adolescents Differently 'MAAD' © training in DUBBO

### Are you challenged with the behaviours of angry adolescents?

This MAAD<sup>©</sup> workshop provides those working with adolescents the skills to better understand their anger and manage them proactively.

Learning outcomes of the MAAD workshop:

- ⇒ develop a theoretical base for working with angry adolescents;
- ⇒ Increase understanding of adolescent brain development;
- ⇒ Increase understanding of attachment disruption and experiences of neglect and abuse;
- ⇒ Develop creative engagement and de-escalation skills with adolescents, and
- ⇒ Increasing your understanding of self-care.

#### About the Trainer:

**Kenneth Nathan is committed to breaking the cycle of violence by offering professional development to those working with adolescents and counseling to young people, parents and carers. He is the co-author of the award-winning *RAGE (Re-navigating Anger and Guilty Emotions)* course. Ken is passionate about working with adolescents and believes everyone has potential. He has worked in both Government and non-Government sectors and has gained a substantial amount of experience working with families and children at risk.**
