Trauma Informed Recovery for Social and Emotional Wellbeing: A Toolkit for Practitioners 2 DAY WORKSHOP

This TWO-DAY interactive Professional Development workshop builds on the principles of trauma informed care and practice with the most up to date and relevant approaches.

By utilising the skills you gain from this workshop, you will be able to support trauma survivors to achieve positive outcomes by developing their resilience and self regulation within a safe environment, while reducing the risk of re-traumatisation.

This workshop takes account of neurobiological understandings and intersubjective values that support practitioners to navigate: 'here and now' responses.

You will be provided with the knowledge and tools to create safe situations in which people who experience complex interpersonal trauma can further navigate their recovery journey. Skill development focuses on the particular experiences and needs of survivors, is evidence based, person centred and recovery focused.

SPECIAL EARLY BIRD REGISTRATION!!!
Members: \$135.00 + GST (save \$35)
Non-Members: \$220 + GST (save \$60)
Must register by Wednesday, 31 March 2021

Facilitator: Bradley Foxlewin, MAppSC (Social Ecology), is an independent M.H. Consumer Consultant and inaugural Deputy Commissioner, Mental Health Commission, NSW. Bradley is a trainer, group-worker, researcher and psychotherapist. He takes a consumer first position and has an abiding interest in Trauma Informed Recovery Practice. Bradley has been a lead trainer over the past 10 years for Blue Knot Foundation and the Mental Health Coordinating Council.
